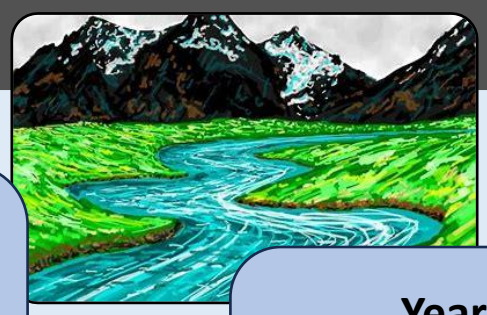
Geography Overview

KS5 (Year 12, 13)

- Regeneration
- Coasts – Flooding
- Carbon Cycle Energy
- Water for the future

KS4 (Year 10, 11)

- Living World – sustainable environments
- Resource Management
- Sustainable urban living
- Rivers and coasts



Year 8

- India
- School environment
- JCB industry
- Trade

Year 9

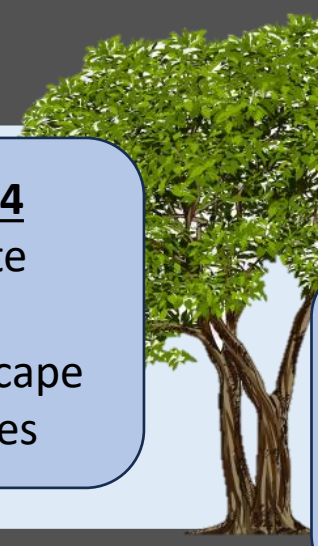
- 3 Gorges Dam
- Managing water in the UK

Year 7

- Global Warming
- Fairtrade
- What is sustainability?
- Human Geography

Year 4

- Climate zones
- Landscape changes



Year 5

- Rivers
- Countries – India, China, South Africa

Year 6

- Coasts
- Natural Processes
- Polar V Desert
- National Parks

Year 3

- Characteristics of the UK

Year 2

- Diverse location – Tanzania.
- Hot and cold places

Year 1

- Our local area
- Weather

EYFS

- Growing
- Our local area
- Weather and seasons

Geography Overview

KS5 (Year 12, 13)

- Impact of Carbon –energy demand
- Superpowers –economy, environments
- Tectonics – managing disasters
- Migration, identity and sovereignty
- Regeneration – impact of schemes
- Globalisation – countries, people, culture and physical environment
- Coasts – impact of climate change
- Water – water security

KS4 (Year 10, 11)

- Climate Change
- Hazards – weather
- Resource management
- Urban Issues & Challenges
- Coasts and Rivers
- The Economic World

Year 7

- Weather/ Extreme weather
- Fantastic Places

Year 8

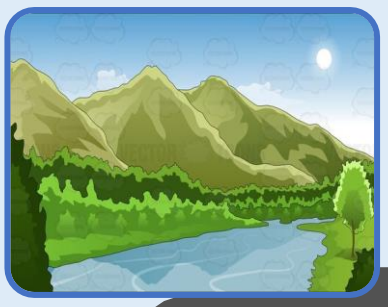
- India Globalisation
- Tectonics
- Local Industry
- Economic Activity

Year 9

- China – industry
- Tectonics
- Water – demand
- Middle East development

Year 4

- Mountain ranges
- Rivers



Year 5

- Local Study
- Traffic Survey
- Brazil
- Rivers

Year 6

- Settlements
- National Parks
- Deforestation

Year 3

- Change in settlement in our area

Year 2

- Hot and cold countrieds

Year 1

- Weather
- Our local area

EYFS

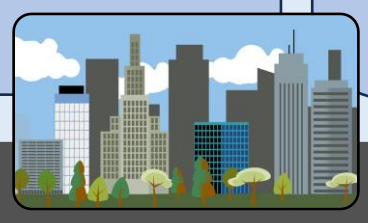
- Growing
- Our environment
- Weather

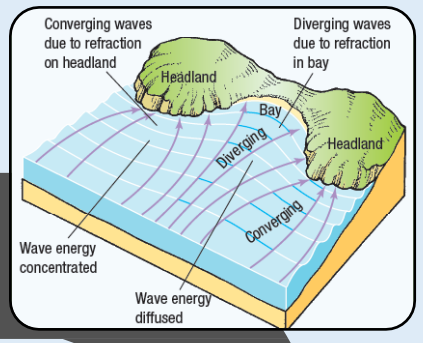
INNOVATE2EDUCATE Partnership

Geography Overview

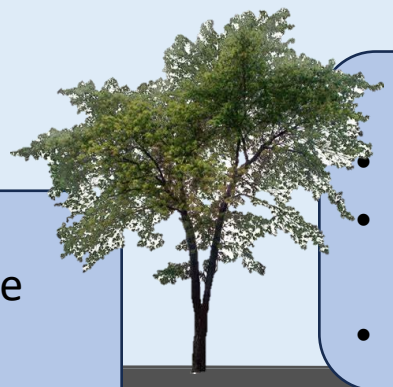
KS5 (Year 12, 13)
- Impact of Carbon
- Regeneration
- Coasts
- Tectonic Activity
- Globalisation
- Water

KS4 (Year 10, 11)
- Urban environments
- Rainforests
- Coastal Environments

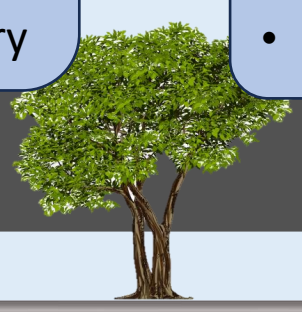




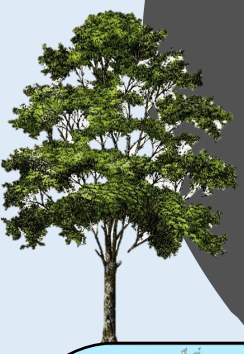
Year 7
- Weather/ Extreme weather
- Climate
- Human Geography

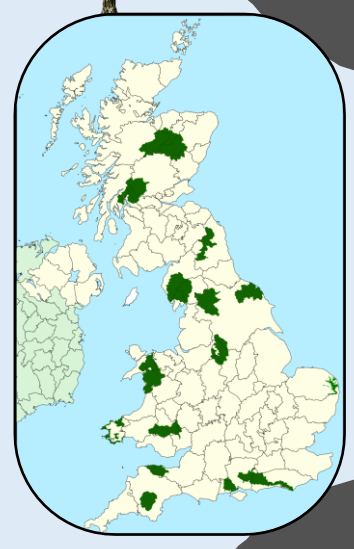


Year 8
- India
- School environment
- Local Industry



Year 9
- China – industry
- Tectonics
- Water – demand
- Middle East deserts





Year 4
- Countries in Europe
- Volcanoes

Year 5
- Local Area and Environments
- Brazil
- Rivers

Year 6
- Polar and Deserts
- Coasts
- Settlements
- Rivers
- Canada

Year 3
- Countries and cities in the UK
- Comparing regions - Europe

CANNOCK CHASE
Area of Outstanding Natural Beauty

Year 2
- Hot and cold countries
- National Parks

Year 1
- Wonderful Weather
- Our School

EYFS
- Local Area
- Looking after the world

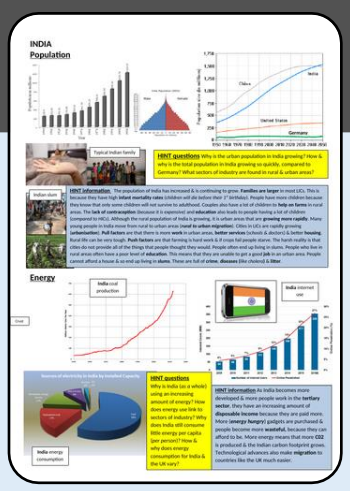
Geography Overview

KS5 (Year 12, 13)

- Superpowers – BRICS
- Energy and Water
- Coasts/Tectonics – Prep and Response
- Regeneration
- Globalisation around the world.

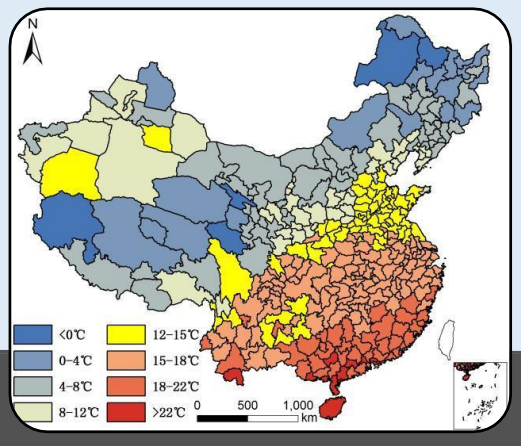
KS4 (Year 10, 11)

- Urban issues and challenges
- Coasts – Before and after protection
- Living World – before and after sustainable management
- Natural Hazards – Prep and response



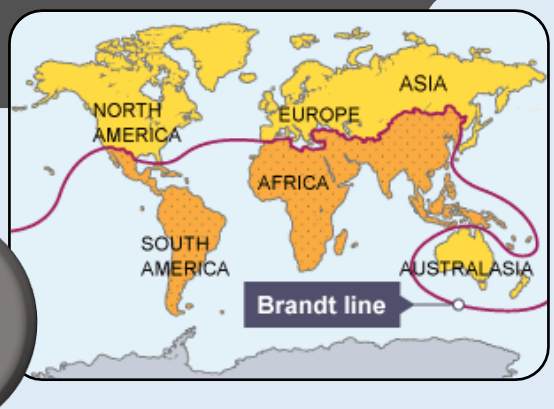
Year 8

- India – development indicators
- Tectonics – rich/poor countries



Year 9

- Middle East V China
- Water – Conflict around the world
- Volcanoes and Earthquakes



Year 5

- Compare Rivers across the UK and World
- UK V Greece
- UK and Brazil

Year 6

- Polar regions and Deserts
- Compare natural processes
- Compare coastal areas
- National Parks

Year 7

- Weather and Climate
- Sustainable places
- Trade and Fairtrade
- Settlement and growth
- Sustainability across the globe

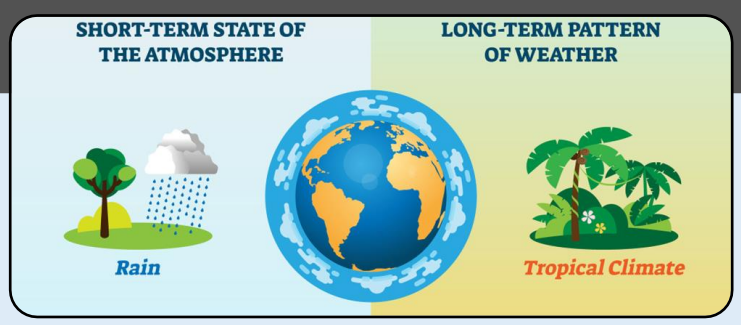
COMPARISON

Year 4

- Compare capital cities
- Rivers

Year 3

- Comparing regions in Europe



LIGHT TOUCH in EYFS/KS1

EYFS

- Seasons/weather
- UK & hot/cold country

Year 1

- UK capital cities

Year 2

- Hot and cold countries
